When in perfect lic, by forging the labels, or forcing their Initations health, no effect is produced by its use except an increase of appetite; but when disease is scated in the frame and thurrying fast its victums along the path from the writings of the Hygeist, and copying whole of life, then its mysterious influence is felt and seen: pages into their fulsome advertisements. it enkindles new life and vigor, and brings health and strength back to the suffering and diseased

Essex, Conn., July 23, 1843. Messrs Sands-Gent : About eight years since, v being overheated and and directly after exposed, And also around type, "Entered according to the act found in small type, "Entered according to the act of engines in the year 1810, by WM. WRIGHT the whole system. Purple or livid spots appeared in the Ulera's office of the District Court, of the on the skin, attended with violent pain of the head; the symptoms being alarming, a physician was calling the summer: my nose now began to increase in size and the whole body rapidly enlarged with a stance. My whole system was involved in disease; the lumps softened and discharged freely, producing great debility; ofcers now broke out on the legs and to complete my misery, the muscles and sinews contracted so that I was rendered nearly helpless. I remained with little change in this condition until last October, when I was suddenly seized with an indescribable sensation, which rendered me nearly unconscious, and my friends supposed it was the will of kind Providence to rid me of my sufferings. but from this I recovered only to suffer on; the ulcers had become one continuous sore entirely raw.

It was in this condition I commenced the use of your invaluable Sarsaparilla, which I was induced to use from the many remarkable cures I saw published. It came to me as some guardian angel; and I can scarcely tell why, yet from the moment I heard it mentioned I was impressed fully with the belief that this was to be the Good Samaritan for me-and truly it has wrought wonders in my case. After using it for a few days my pains grew easier, the swelling of the body and limbs went down, the ter suffering everything but the pains of death, how happy am I and how grateful do I feel, to be able to add another testimonial to the efficacy of your price-

less Sarsaparilla.

My health is restored, and I have walked four with you and make his face to shine upon you, is the desire of your much obliged and deeply indebted friend. To the afflicted I would say, Do not despair; for, however desperate your case may be, you surely have an antidote at hand-viz: Sanns' San-SAPARILLA. Trust to no other, however great their retensions. MONISS. SIMMONS.

THE GENEINE HYGEIAN VEGETABLE Dr Banning's Patent Lace. ured by Dr. H. S. Moat, of New York, from the ber, Mr. Thomas Must, Vice President of the Brit-

sh College of Health.

Twenty years' successful administration of these celebrated medicines in Florope, and more than twelve years in the United States have established their high reputation. Thousands of both sexes who have been restored to health, the numerous sof ferers rescued from a premature death, and volumes of certified cases of cure, embracing every disease in the long catalogue of human misery; must convince the most incredulous, of their superiority and the truth of the Hygeian theory, resulting from seientific research and experience, namely, that 'man is subject to only one real disease, impurity of the blood."

The medicines being composed entirely of herbs or regetable matter, purity the blood, and carry off the corrupt humors of the body in a n-anner so sim-

Foce, Biosches, Biles, Chronic Sore Eyes, Ring Man will be born to days of bliss, compared to Worm or Tetter, Scald Head, Enlargement and what has hitherto been his lot, weighed down as he Pain of the Bones and Joints, Stubborn Licers, has been by disease, infirmities, and sufferings Suphritic Symptoms, Sciatica or Lumbago, and which no earthly power knew how to alleviate, unlike the surface of the sur weak, the feeble, the infirm, the nervous, the delicate, are in a few days strengthened by their operation, and the most obstinate complaints are removknown in the history of medicine, differing entirely ed by perseverance without the expense of a physician its character and operations from the various cian. Adapted to all circumstances and situations, preparations of Sarsaparilla which have been at they are the best Medicines, ever invented for Famidifferent times offered to the public. It acts spe-cifically upon the whole system, thereby bringing tweness, requiring no change of diet, particular reg-Al- imen, or care against taking cold.

The prepatency of these medicines, has induced many speculators to attempt imposition on the pubinto notice through the medium of the Press. Some of them pretend to Hygeian principles, by stealing

But as they cannot copy the medicine, their specifics or their deleterious nostrums prove to be unavailing, their puffing and piracy become evident; disappointment to the afflicted is eventual, and with just obloquy the presenders sink into oblivion.

The Hygeian medicines, first introduced into this country by H. S. Most, in 1830, have for the last four years been prepared by him, and the increasing the symptoms being alarming, a physician was called who prescribed blistering and leeching, which produced partial relief. Hard, bony lumps formed under the shin on various parts of the body, and the doctor te shin on various parts of the body, and the doctor te shin on various parts of the body, and the doctor te shin on various parts of the body, and the doctor te shin on various parts of the body, and the doctor te shin on various parts of the body, and the doctor pronounced my complaint hereditary scrofula, now for the first time developed. The followed directions. Each packet has a fac-similie of the signature of H. Shepherd Moat, and to prevent coun-was again resorted to, which relieved my sight dur-terfetters, are signed with a pen by the district agent and sub-agent on a label of yellow paper.

STODDARD.

TO THE AFFLICTED.

An immediate relief to Incipient Consumption, the Bronchitis of public speakers; Palpitation of the Heart: Dyspepsia, Spinal weakness; Piles; Pro-lapsus Userrand Ant, and Diseases of parturient and childred Ladies without medicines.

This instrument has been examined by Drs. Mott, Rodgers, Francis and Griscomb of New York, the faculty of Pittsburg, Harrford, New Haven and Middletown, Conn., and has obtained for itself their favorable testimony.

The following will show what kind of testimony might be adduced in many cases.

Middletown, Conn., June 25, 1843.
Dr. Boardman-Sir.-In answer to your inquiries respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May 1836; from that time I continued to grow worse, when in the Fall of '39, I abandoned business, and have not done any thing since. I supposed, from all I could learn about my case, - frequent. ly raising blood, coughing very hard and expecto rating profusely; deriving no benefit from many-Physicians, and all medicines recommended to me -that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you and since I began to wear it my breathing, which was very short and laborious, became easy and natural; the pain and fluttering or palpitation of the heart has subsided, cough and expectoration greatly lessened; my limbs, which were exceedingly painful, have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do.— The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden. and am able to ride four miles at once with pleasure and beneft. Yours, &c. Dr. G. M. Boardman. WM. RANNEY.

Sir -I have been much afflicted for many years, with headache, pain in the breast, side, back and limbs, attended with loss of appetite, dizziness, langnor, drowsiness and a general debility of the whole system; for which I have tried all the usual remedies, both externally and internally, without obtaining any permanent relief. I was induced to try Dr. Banning's Patent Lace, and the benefit derived from it, surpasses all my expectations. I have not been so free from pain, nor enjoyed so good health, at this season of the year, for the last 20 years, and I attribute it entirely to the use of the Lace.

WM. WOODWARD. Middletown, Conn., Jone 25, 1843.

Middletewn, Conn., June 25, 1843. Doct Boardman-Dear Sir: In answer to your enquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prolapsus of the womb, &c., were releived after wearing the Lace two hours, and she has continued to improve daily. With this view of the case, I cannot use language strong enough to convey my approval of the instrument.

STEPHEN BROOKS, Jr. This may certify that a short time since I called on Doct Hibard, of Rutland, for advice in relation to myself. I had not walked for five months without assistance, and not then will out extreme pain BEING composed of the Persian and Indian a general filing down of the abdominal vicera, palpitation, of the will out extreme pain in my back, hips and loins, owing to prolapsus and a general filing down of the abdominal vicera, palpitation, of the weakness, costiveness, a continual hollowness. The pit of the stomach, finally, continis weakness, costiveness, a continual se pit of the stomach, finally, continrelieved from those distressing symptoms which have been growing more aggravated ever since last December. All the medicine I have taken has done me little or no good, because the right applicaand I feel certain that from present indications I am

in a fair way to recover.

Hampton, N. Y., Sept. 6, 1843. DR. HIBARD, having purchased from Dr. Banning the exclusive right to vend the "Patent Lace," in this vicinity, will keep on hand an assortment sufficient for those who may call for the same. The subscriber has, in his extensive chronic practice in Vermont, for the last seven years, seen the absolute want of this mechanical application, with the "Reformed Practice" to meet the wants of the many

distressing cases for which the Lace is applicable; and in candor and truth feels as though too much praise and gratitude could not be bestowed on Dr. Banning for his continual labors, for a number of years, to invent this instrument on such accurate physiological principles, so applicable, and affording so immediate relief to those cases for which it is designed. The undersigned has made a number of applications, and in no instance has it failed to benwas for the want of this mechanical application, to keep the vivers of the body in proper relative position, that the patient, by exercise and proper medicines, might be restored.

Dr. Hibard, would tender his acknowledgments to his friends, for the liberal patronage he has re-ceived for the year past, and he will always endeavor to make all improvements, and adopt all real im-Consumption, asthma of every stage.
